Shodair Child & Adolescent Psychiatric Services
MEDICATION AUTHORIZATION

Patient Name _____ Med. Rec. No.: _____

Admission Date: _____ Attending Physician: _____

1. I voluntarily consent to treatment with the medication(s) listed below and release the physician and staff of Shodair Hospital from liability for any results that may occur.

STANDING PRN MEDICATIONS:

- Acetaminophen (Tylenol) as needed for pain or fever
- Ibuprofen as needed for pain or fever
- Calcium Carbonate (Tums) as needed for indigestion
- Melatonin as needed for insomnia
- Sodium chloride (OCEAN) 0.65% nasal spray 1-2 spray

2. I have been informed of the nature of the treatment and the most common side effects of the medication(s) prescribed. I understand that although the most common side effects of the medication(s) have been explained, there may be other side effects and that I should promptly inform the physician or nursing staff if there are any unexpected changes in the patient's condition.

3. The following printed medication information has been explained and given to me:

   A. Fact sheet for each medication listed above to include:
      - Reasons for taking medication(s)
      - Common side effects
      - Precautions
   B. Food/drug interactions

On this basis, I authorize the attending physician or anyone authorized by him/her to administer the medications listed above at such intervals and dosage as the physician deems advisable.
