What must my income be to qualify?

Eligibility for **ShoCare** is based upon your family size and income levels. The enclosed table will help determine the eligible discount.

How is family size determined?

A household consists of all persons who occupy a housing unit, whether they are related or not. It includes the head of household, spouse, significant others, and any dependents living in the same house.

Can I apply if I own my home?

Yes.

I have insurance, but it will cover only part of my bill. Can I still apply?
