ABOUT SHODAIR

Since 1896, Shodair Children’s Hospital has cared for Montana’s most vulnerable residents.

The legacy has evolved throughout those years to cater to the ever-changing needs of Montana families.

• Today Shodair provides Acute and Residential Psychiatric Inpatient Services to children ages 3 to 18 years old
• Outpatient Mental Health Services to children, young adults, and families
• 99 percent of patients are from Montana
• Montana’s only Children’s Miracle Network Hospital
• The Medical Genetics Department at Shodair is the state’s only medical genetics program and provides comprehensive services to patients of all ages.

Shodair is certified in the Sanctuary Model®, a cultural structure that promotes safety and recovery from adversity through the active creation of a trauma informed community. We are committed to practicing these organizational values:

- **Nonviolence** Being safe physically, emotionally, morally, and socially regardless of gender, race, religion, sexual orientation, countries of origin, abilities, or income levels.
- **Emotional Intelligence** Managing our feelings so we do not hurt ourselves or others.
- **Social Learning** Respecting and sharing the ideas of our teams.
- **Open Communication** Saying what we mean and not being mean when we say it.
- **Social Responsibility** Together we accomplish more, everyone is accountable and makes a contribution.
- **Democracy** Shared governance; ideas are shared but not everyone gets a vote.
- **Growth and Change** Creating hope for ourselves, our patients, families, organization, and Montana.

To heal, help and inspire hope
The Shodair outpatient clinics are open Monday through Friday. Each provider has a different schedule so we can offer a variety of times to provide care to children, adolescents, and families. Patients are seen by Shodair’s mental health professionals using telehealth and in-person visits on a case by case basis.

Shodair was the first place I’d ever been that had people who truly listened and cared about my children. They looked at my child as a whole person not as a name on a list to be checked off. They have equipped our whole family with the tools and resources we needed not just to get by but to flourish.
